### BOARD MEETING

Next board meeting on  
June 10 at the home of  
Kathy Dobner.

Dear Quilting Friends,

So nice to see so many of you at our annual Philanthropy Sew-In on May 20. Joey Strait taught us a technique for making "Wonky Modern Curves" blocks from 10" squares. It was great fun to learn a new technique while contributing blocks for philanthropy quilts!

We've settled on a date for the Quilt Room and Garden Tour for Saturday, September 21, and have a series of houses and gardens that members have volunteered for the tour. We'll also have the hall at Ascension Lutheran where we will be hanging additional quilts, and where we will have refreshments and a boutique. We're on a short time-line here so we need members to step up to volunteer for various positions and attend Quilt Event meetings. This will be an important fundraiser to cover the next year's programs and workshops and we hope every member will be involved. So get busy sewing and volunteer!

The June General Meeting will feature Jennifer Rapacki as our speaker on "Ancient Traditions." Check out her website and her Facebook page for a peek at what she'll be teaching and her lecture. There may still be spaces open in her workshop "Charm Pack Peek-a-Boo Reverse Appliqué".

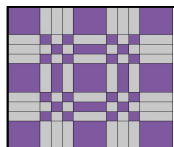

The July meeting will be our Hawaiian Social with shaved ice and a hula show! Come in your best Aloha wear (Hawaiian shirts, muumuu, hats, lei, flowers, etc.) We would love it if you brought a guest with younger children to the guild this evening. We will have activities that the children can participate in and no guest fee.

Also, a big thank you to Karen Schwieger who volunteered to be our Historian and take photos of all your lovely show and tell quilts at the meetings!

So much is happening in our CVQ Guild and we guarantee that you won't want to miss a meeting! Please remember to bring refreshments to share; it's amazing how those nibbles disappear quickly as people sign in!

Happy Quilting! See you soon!

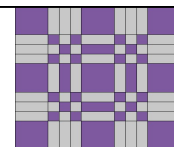

*Sherry Ramaila and Roz Thebaud*  
2019-2020 Co-Presidents

# Programs Workshops

Joey Strait and Alison Rowe

Chris Stout and Janine Mansell

**The fee for workshops is \$45 for CVQ Guild members and \$55 for non-members, unless otherwise stated.**

## June Meeting — 6/17/19

### Jennifer Rapacki—Ancient Inspirations for Patchwork Patterns

Travel back in time to see examples of quilt patterns going back to the middle ages along with information about the evolution of quilt making over the years. Flying Geese, Sawtooth, Birds in the Air are just a few of today's quilt blocks that can be seen in ancient mosaics and architecture.

## June Workshop — 6/16/19

### Jennifer Rapacki—Charm Pack Peekaboo Reverse Appliqué

**Location:** Kingdom Sewing Center, 790 E. Los Angeles Ave., Simi Valley PH: 805-579-1571

**Time:** 10am-4pm

Grab a charm pack from your stash and learn how to make reverse applique leaf shapes with really sharp points and smooth curved edges—no curved piecing required. The technique is a quilting adaptation of a couture Spanish Snap buttonhole resulting in Peekaboo fabric—A new twist on reverse applique! The class project can be a Table Runner, Mini Quilt or Mug Rug.

## July Meeting — 7/15/19

### Hawaiian Shaved Ice and Hula Social

Come in your best Aloha wear (shirts, muumuu, lei, flower behind the ear) and join us for a performance by Sherry Ramaila's hula group "Hula Halau Ka Mele Wai O Ke 'Anuenue" (*The Spiritual Song of the Rainbow*) under the direction of Kumu Hula June Kehaulani Rust. SPECIAL INVITATION to your kids, grandkids and friends. No charge to attend the event and it's a great recruiting opportunity to showcase the Guild. There will be activities for the kids for you to introduce them to quilting, Hawaiian drawing, etc. Bring your tropical quilts for Show & Tell or any other quilts you would like to share.

## July Workshop

**No Workshop**

## August Meeting — 8/19/19

### Sandra Johnson—Quilting with Fabrics From Around the Globe

Sandra will take you on a journey along the quilt and sewing trail, beginning with the very first quilts and clothes she made, and her

wish to honor her grandmother's sewing art. Sandra's workshops feature traditional, modern and art quilts, some of which rival cloth quilts in their intricacy. You will hear stories of some of the individuals who have influenced quilt designs to honor loved ones or their local culture, along with a few poets, public officials and humanitarian activist.

Making her own clothing is also discussed in her sewing workshops. Better than store made is what she strives to achieve and this is passed on to her students.

## August Workshop — 8/18/19

### Sandra Johnson—Traditional Quilt Blocks Made Modern Using Japanese Fabrics

Explore sewing traditional quilt blocks using half square triangles to then arranging them to create a quilt top. Hand-stitching using embroidery threads and different size needles to make a statement you desire is encouraged in class.

In addition to inspiration of style, this class includes outstanding instruction on hand quilting, including all the necessary steps, start to finish.

# Speaker Spotlight

## Jennifer Rapacki—June

The PC revolution was just beginning when Jennifer Rapacki entered the work world and she quickly found herself drawn to this new area. Her knack for quickly understanding new computer software and concepts led to diverse experiences in Computer Information Systems. She has worked with a wide variety of MAC, UNIX & Windows system software and hardware. She graduated from Purdue University in 1979 with a Bachelor's degree in Mechanical Engineering and then added an MBA from the University of Phoenix in 1985.

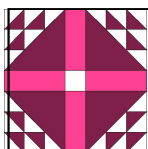

Jennifer left corporate America in 1999 having spent 20 years working as a computer engineer for major corporations: Westinghouse Electric, Lockheed Martin and Walt Disney Feature Animation. She then started helping small businesses with Web Site Design and Computer Consulting.

Beyond her technical skills, one of Jennifer's loves has always been working with fabric. She worked part-time as a Freelance Educator for Husqvarna Viking for several years (2002-2003) which allowed her to start merging her computer and sewing skills. In addition, she worked as a part-time scan tech/educator for Unique Patterns from 2003 to 2006.

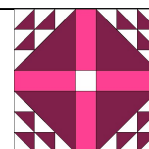

Learning to sew as a child, Jennifer has been working with fabric for over 40 years. Her skills include couture sewing, tailoring, quilting, and home dec. Because Photoshop is the primary design tool that Jennifer uses for web design, she also started using Photoshop as a design tool for her quilts. With Adobe's release of Photoshop Elements for home use, Jennifer started teaching Photoshop Elements to Quilters along with Electric Quilt which she uses to design block based quilts.

After her own quilt guild asked her to speak about what she was doing with inkjet printing on fabric at home and Electric Quilt, she started offering her lecture about Modern Technology for Quilters to other quilt guilds. Not everything Jennifer does in quilting involves using a computer tool. She teaches non-tech classes which include the [Weave That!](#) series using a fabric weaving technique, tatting and a new technique, [Peekaboo Fabric Reverse Applique](#), where she adapted a couture button hole technique, Spanish snap buttonhole, to quilt making and designed the acrylic [Peekaboo Fabric Tools™](#).

**REMINDER: The Newsletter Deadline is Saturday—  
June 22.**

## Activities

### CVQ 2019 Challenge

Seasonal Challenge “Quilts with Words” is due at the June General Meeting. Your inspiration is the fabulous fabrics with words, applique words, or quilting with words.

Our next challenge is making a quilt using blocks based upon your initial(s). I’m thinking of Churn Dash and Log Cabin for “C” and “L”.

If you helped at last month’s meeting and need a stamp, please see me. Keep working on those wonderful UFOs and sign up for an upcoming workshop!

Happy Sewing!

## LIBRARY

The CVQ library has been refreshed and a listing of all books can be found on our website under the **More** button, then click on **Quilting Resources**. Also, there will be handouts of the list at the June meeting.

Our newest book is *Little Bits Quilting Bee* and it’s all about quilting using precuts and will be featured at the June meeting.

Josie Prell  
Librarian

## Philanthropy

Philanthropy will deliver the three quilts and three pillowcases that were turned in at the May General Meeting/Sew in. *James Storehouse* and *Many Mansions* are our charities and welcome donations from our guild. Several beautiful quilts tops were turned in at the May meeting. You can see photos of the quilts on the Conejo Valley Quilters website. The photos are also posted on Facebook.

**May Philanthropy Sew-In** was productive as well as fun thanks to Joey Strait’s scrappy “sew-curves project”. It was great fun to see how four 10” squares would turn into a graphic large square. We also look forward to the circles assembled into quilt tops. Stay tuned!

Lisa Shepherd and Kathy Dobner

## Sarah’s Quick Tips

- ◆ Consider making your hanging sleeve from scraps of all the fabrics you used in the quilt. Then if a repair is needed in future years, the original fabric will be available for use.
- ◆ If you are going to be working with little pieces, spray Best Press or starch on fabrics before doing any cutting. Pieces will cut easier and glide through the sewing machine and not be pushed down into the throat plate by the needle. Spraying the back of flannel or home-spun fabrics before cutting will reduce fraying.
- ◆ Lastly, when the weather is nice and you just want to sew, but the house needs cleaning, park your vacuum in the middle of the room. Then if anyone stops by they will think you were just getting ready to clean house, and also think you are busy and not stay as long.

Happy Sewing!
